Wonder Appliances Private Limited

is a trusted name in the manufacturing of portable Rechargeable Products like Rechargeable LED Searchlight, Solar Powered Torches, Metal Flashlights, LED Lanterns, Table lamp, Headlamps & many more.

The Premier business house and a one stop shop to avail Rechargeable Products & many more. We market our rechargeable products under the brand name RISING.

Our products are the testimony of our commitment towards high quality and innovative designs. Clients eccentric approach has us the most preferred supplier of the rechargeable products in the country.

We are proud of having one of the best facilities in the country starting from the product design till the manufacturing stage.

Following is the list of the in house facilities:

- Well equipped R&D Lab
- 3D CAD workstation
- Modern tool room for plastic moulds & sheet metal dies
- Semi Automatic Screen Printer
- SMD Placement machine(JUKI JX-100 LED)
- Wave Soldering Machine
- Fully Automatic plastic injection moulding machines
- Power presses with auto feeding mechanism
- Automatic battery testing machine
- Vacuum metalizing plant
- Assembly Lines
- Quality testing Lab
- Laser Marking machine
- Wire stripping & twisting machine
- Terminal spot welding machine

TORNADO 100

NEW

- **6000 mAh** Li-ion battery, for long duration of light
- **10 W**, 5050 SMD LED for Long Spot Light.
- **Microcontroller** based Electronic Control Circuit.
- **5 Lighting Modes:** High power (6-7 Hrs), Power Saver (12-13 Hrs) & Flashing. Side Light - High & Low Lighting modes
- USB type-C Charging Input, battery recharges in 6-7 hours
- Two separate switch for front & side LED
- USB Output for mobile charging.
